

# At **VILLAGE WINE**: *A Feast for the Senses*

… *Explore the components which highlight your enjoyment of wine:*

## Beginning with the ‘must’

**Smell --and taste-- the juice**, and let your imagination soar  
*(the crisp citrus scent of a white, the chocolate-like aroma of a red)*

## Moving into fermentation

As the wine continues fermenting, **hear** it “sing”

## Going beyond the grape

**Touch** the elements that create differences  
*(grape skins, bentonite, various types of oak vs. no oak, filter pads, etc.)*

## Getting into the bottle

**See** the purpose behind the presentation, the information it communicates  
*(bottle styles, effect of size on maturation, glass color, labels, real/artificial corks, caps)*

## From the glass to your lips

The **science** of stemware: what difference does the glass make?

## And onto the table

Tips on **matching** wines with cheese  
*(specifics on 60+ types of cheese)*
